

ACKNOWLEDGING ACEAS

IN THE DCCEEW ERA, 2026 – 2028

Required for all outputs, including publications (exception: media releases)

This project received grant funding from the Australian Government, and contributes to delivering the Australian Antarctic Science Decadal Strategy

If your output was supported by ARC era funds (eg salaries), please also include the ARC-era acknowledgement:

This research was supported by the Australian Research Council Special Research Initiative, Australian Centre for Excellence in Antarctic Science (Project Number SR200100008)

Submit to the [ACEAS Research Reporting portal](#), as the output will help us fulfill our contracted KPIs.

Recommended for reports

The above wording together with the AAP logo:

Optional for reports

Alongside the AAP logo above, to lend additional gravitas to reports, we are also permitted to use the Australian Government logo.

Australian Government

Please email Grace.Moss@utas.edu.au before using this option on your report, as we are bound by strict usage guidelines.

Acknowledging AAD fieldwork support

AAD requires annual reporting against Australian Antarctic Science (AAS) projects. In your acknowledgements, please write: *This work contributes to Australian Antarctic Science project 4630.*

Project 4630 relates to all ACEAS fieldwork. Include other AAS projects if relevant.

Acknowledging NCI support

NCI requires the following acknowledgement for all projects receiving NCI support: *Analysis was undertaken with assistance from the National Computational Infrastructure (NCI), supported by the Australian Government.*

Data and metadata handling

Use [this form to report](#) ACEAS-funded data that have been lodged in publicly accessible repositories. All ACEAS funded research is required to have data publicly available.
